Overview

Bróga Nua is an Irish Sneakers E-Commerce Android application. This project focuses on providing users products from Irish retailers and supporting the Irish Sportswear/Streetwear culture. It is comprised of two major sections, the Catalogue and the Limited Releases.

The catalogue is built using data from Irish retailers – Life Style Sports, Brown Thomas, Elverys and Nowhere. The limited releases focuses on highly limited releases such as Yeezys and provides the users with how to get them in Ireland.

Installation

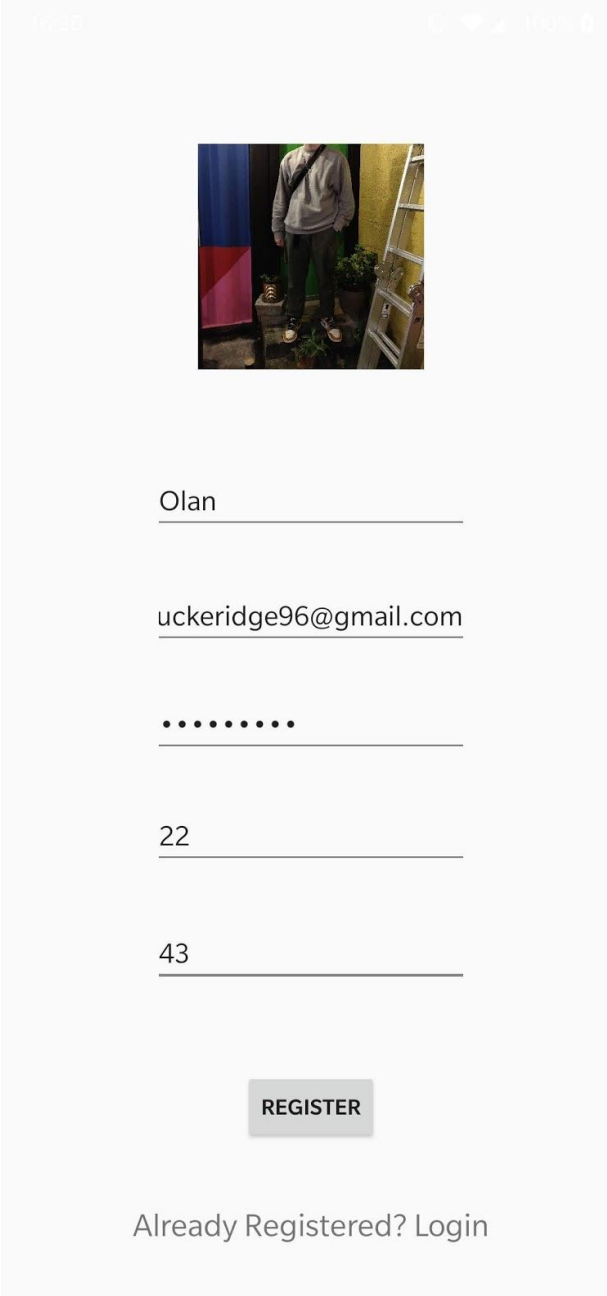

Bróga Nua will come in the form of an Android Application and will be targeted at devices Android 7 or higher (Minimum SDK version 26).

The Android Application can be downloaded from the build folder (`\app\build\outputs\apk\app-debug.apk`) in GitLab using the app APK. The APK can be transferred onto the device and the user can simply open the APK and it will be installed on the device.

Account

Registration

Once the Bróga Nua app has been downloaded and installed on your device you can then click the sign up button on the opening screen to be sign up. On the registration screen you must fill in all the details and click register to complete sign up. If there are any fields missing for example the profile picture a toast message will pop up on the screen to remind you to fill in the rest of the details.

The image shows a mobile app registration screen. At the top, there is a status bar with the time 10:20 and various icons. Below the status bar is a profile picture placeholder showing a person in a grey hoodie and green pants. Underneath the profile picture are five input fields: a name field containing 'Olan', an email field containing 'uckeridge96@gmail.com', a password field with eight dots, a date of birth field containing '22', and a date of birth field containing '43'. Below these fields is a grey button labeled 'REGISTER'. At the bottom of the screen, there is a link that says 'Already Registered? Login'.
